Dear Calvin

RENTOKIL TRIP TO USA

Just a note to you to express our thanks and appreciation for the part you played in our recent incentive trip to London, New York and Orlando. All of our group have now returned and I have had phone calls and thank-you notes from many of them expressing their appreciation for the fantastic experience they had on the Disney World incentive. All of us had highlights during our trips and I think the culminating Gala Dinner event at Universal will remain in all of our memories for many years.

It is never easy to co-ordinate a large group, particularly of independent minded adults who all want to do their own thing on this type of trip. I know that you spent many hours on stand-by at airports and at the help desk answering questions and sorting out various problems for our staff. You put tremendous effort into the design and organisation of the incentive trip. Your previous experience of arranging tours to the USA and particularly Disney World, benefited our incentive trip and contributed to the success.

We would like to thank you by way of sharing a dinner with some good red wine at the Alphen Hotel on Friday 8th. I also hope that our little gift of a "Rentokil" gold pen will serve as a memento of the Rentokil incentive trip.

Many thanks once again for contributing to the success of our incentive trip.

With kind regards

Yours sincerely

RENTOKIL INITIAL (PTY) LTD
